New Employee Orientation: Introduction

Welcome to the Indiana Department of Correction

On behalf of the Division of Staff Development and Training, we would like to take this opportunity to welcome you to the Indiana Department of Correction. We are excited about having you on our team and look forward to providing you with the knowledge and skills needed to be successful in your career with the department. This phase one New Employee Orientation that you are getting ready to complete is just the beginning of your training. In the upcoming weeks and months, you will have the opportunity to attend our Preservice Academy or Parole Preservice Training, receive skill based training, and participate in specialized on-the-job training.

Phase One Guidelines

Each facility/division has a training coordinator who is responsible for overseeing and implementing training. Any questions regarding the material should be directed to your facility/division training coordinator. Call the facility's/division's switchboard to be put in touch with your training coordinator.

Phase One Guidelines

During phase two orientation (conducted at your facility/division), you will take a test over the materials covered in both phases of New Employee Orientation. This will be a fifty question multiple choice test. A passing score of at least seventy percent (70%) is required in order to attend the Preservice Academy.

We would like to congratulate you for becoming a member of the Indiana Department of Correction's team. We wish you the best of luck and look forward to working with you throughout the course of your career.
